SIGNATURE SERIES · INJECTABLE RANGE

AM-T Enanthate 250

Printed carton name — Testosterone Enanthate
250 mg/mL

250 MG / ML

10 ML MULTI-DOSE VIAL

\$260 USD

BENEFITS IN BODYBUILDING

Foundational mass and strength base for bulking blocks. Sustained testosterone elevation supports nitrogen retention, appetite, recovery, libido and training drive.

PRODUCT SPECIFICATION

Ester: enanthate · Half-life ~4.5-5 days · Injection frequency: 1-2x weekly · Detection: long-acting · Role: base compound for 10-16 week off-season blocks · Aromatising: yes (manage with an AI such as Anastrozole)

SCAN TO ORDER
& VERIFY

SIGNATURE SERIES · INJECTABLE RANGE

AM-C Cypionate 300

Printed carton name — Testosterone Cypionate
300 mg/mL

300 MG / ML

10 ML MULTI-DOSE VIAL

\$290 USD

BENEFITS IN BODYBUILDING

High-concentration testosterone base for lean mass, strength progression and stable blood levels across the week.

PRODUCT SPECIFICATION

Ester: cypionate · Half-life ~5-6 days · Injection frequency: 1-2x weekly · Role: bulking/TRT-style base · Aromatising: yes · High mg/mL reduces injection volume

SCAN TO ORDER
& VERIFY

ATELIER RESERVE · INJECTABLE RANGE

AM-Blend 400

Printed carton name — Testosterone Blend 400
mg/mL

400 MG / ML

10 ML MULTI-DOSE VIAL

\$390 USD

BENEFITS IN BODYBUILDING

Multi-ester blend delivering fast onset and long tail; used for dense off-season mass gains with fewer injections.

PRODUCT SPECIFICATION

Blend of short + long esters · Injection frequency: 2x weekly · Role: growth-phase base · Aromatising: yes · Elevated 400 mg/mL concentration for low-volume dosing

SCAN TO ORDER
& VERIFY

SIGNATURE SERIES · INJECTABLE RANGE

AM-N Decanoate 250

Printed carton name — Nandrolone Decanoate
250 mg/mL

250 MG / ML

10 ML MULTI-DOSE VIAL

\$275 USD

BENEFITS IN BODYBUILDING

Classic mass and joint-comfort compound. Strong nitrogen retention and collagen synthesis make heavy training blocks more tolerable.

PRODUCT SPECIFICATION

Ester: decanoate · Half-life ~6-8 days · Injection frequency: 1-2x weekly · Role: bulking stack partner with a testosterone base · Note: 12+ week clearance, plan PCT accordingly

SCAN TO ORDER
& VERIFY

SIGNATURE SERIES · INJECTABLE RANGE

AM-P Propionate 150

Printed carton name — Testosterone Propionate
150 mg/mL

150 MG / ML

10 × 1 ML AMPOULES

\$210 USD

BENEFITS IN BODYBUILDING

Fast-acting testosterone for cutting and pre-contest phases where tight control of blood levels and quick clearance matter.

PRODUCT SPECIFICATION

Ester: propionate · Half-life ~24-36 h · Injection frequency: EOD or daily · Role: cutting base, bridge or blast finisher · Aromatising: yes but easier to control

SCAN TO ORDER
& VERIFY

SIGNATURE SERIES · INJECTABLE RANGE

Trenbolone Acetate 100

Printed carton name — Trenbolone Acetate 100
mg/mL

100 MG / ML

10 ML MULTI-DOSE VIAL

\$245 USD

BENEFITS IN BODYBUILDING

Elite recomposition compound: dramatic strength, hardness and conditioning with no aromatisation and strong nutrient partitioning.

PRODUCT SPECIFICATION

Ester: acetate · Half-life ~1 day · Injection frequency: EOD or daily · Role: contest prep and advanced recomp · Advanced users only · Monitor sleep, cardio capacity and prolactin

SCAN TO ORDER
& VERIFY

SIGNATURE SERIES · INJECTABLE RANGE

Testosterone Cypionate 250

Printed carton name — Testosterone Cypionate
250 mg/mL

250 MG / ML

10 ML MULTI-DOSE VIAL

\$265 USD

BENEFITS IN BODYBUILDING

Reliable weekly testosterone base for sustained mass and strength with steady serum levels.

PRODUCT SPECIFICATION

Ester: cypionate · Half-life ~5-6 days · Injection frequency: 1-2x weekly · Role: base compound in most stacks · Aromatising: yes

SCAN TO ORDER
& VERIFY

SIGNATURE SERIES · INJECTABLE RANGE

Nandrolone Phenylpropionate 200

Printed carton name — Nandrolone
Phenylpropionate 200 mg/mL

200 MG / ML

10 ML MULTI-DOSE VIAL

\$285 USD

BENEFITS IN BODYBUILDING

Faster-clearing nandrolone for lean mass and joint relief with shorter commitment and easier level control than decanoate.

PRODUCT SPECIFICATION

Ester: phenylpropionate · Half-life ~2-3 days · Injection frequency: EOD · Role: lean bulk and recomposition · Pair with a testosterone base

SCAN TO ORDER
& VERIFY

ATELIER RESERVE · INJECTABLE RANGE

Trenbolone Enanthate 200

Printed carton name — Trenbolone Enanthate
200 mg/mL

200 MG / ML

10 ML MULTI-DOSE VIAL

\$340 USD

BENEFITS IN BODYBUILDING

Long-ester trenbolone for extended recomposition blocks; extreme strength and conditioning with fewer injections.

PRODUCT SPECIFICATION

Ester: enanthate · Half-life ~5-7 days · Injection frequency: 2x weekly · Role: advanced off-season or prep · Non-aromatizing · Advanced users only

SCAN TO ORDER

Trenbolone Hexahydrobenzylcarbonate 100

Printed carton name — Trenbolone
Hexahydrobenzylcarbonate 100 mg/mL

100 MG / ML

10 ML MULTI-DOSE VIAL

\$365 USD

BENEFITS IN BODYBUILDING

Slow-release trenbolone (Parabolan-type) delivering steady hardness, density and vascularity through long prep phases.

PRODUCT SPECIFICATION

Ester: hexahydrobenzylcarbonate · Half-life ~7-10 days · Injection frequency: 2x weekly · Role: pre-contest conditioning · Advanced users only

SIGNATURE SERIES · INJECTABLE RANGE

Masteron 100

Printed carton name — Drostanolone Propionate
100 mg/mL

100 MG / ML

10 ML MULTI-DOSE VIAL

\$295 USD

BENEFITS IN BODYBUILDING

Cosmetic hardening and anti-estrogenic support; sharpens conditioning at low body-fat levels.

PRODUCT SPECIFICATION

Drostanolone propionate · Half-life ~2-3 days · Injection frequency: EOD · Role: cutting and contest prep add-on · Non-aromatizing · Enhances the dry look of a stack

& VERIFY

ATELIER RESERVE · INJECTABLE RANGE

Primobolan 100

Printed carton name — Methenolone Enanthate
100 mg/mL

100 MG / ML

10 ML MULTI-DOSE VIAL

\$420 USD

BENEFITS IN BODYBUILDING

Premium lean-tissue compound with a mild profile; slow, high-quality gains and excellent tolerability for long runs.

PRODUCT SPECIFICATION

Methenolone enanthate · Half-life ~5-7 days · Injection frequency: 1-2x weekly · Role: lean bulk or long cutting phases · Non-aromatizing · Low side-effect burden

HOW TO ORDER

1 · Select references

Note the reference name, strength and presentation for each item from the range tables in this catalogue.

2 · Submit your list

Send your order list through the contact form on the website or to your assigned account manager, including quantities per reference.

3 · Confirmation & payment

You receive a formal quotation with lead time, batch numbers and packing details. Wholesale tiers apply from agreed minimum quantities.

4 · Verify on arrival

Every carton carries a unique 12-digit serial and holographic seal. Verify each unit on the site verification page before dispensing.

QUALITY & COMPLIANCE

Manufactured in an ISO Class 5 filling suite under EU-GMP aligned quality systems. Each batch is released only after third-party identity, potency and endotoxin testing, with a certificate of analysis archived against the batch number. Store between 15°C and 25°C in the original carton, protected from light and moisture.
